## Introduction

Effective January 1, 2023, the Oregon Health Authority (OHA) will implement Oregon Health Plan (OHP) coverage of integrated treatment of co-occurring disorders (ICD).

- For services rendered to coordinated care organization (CCO) members, CCOs will reimburse eligible providers through a CCO Behavioral Health Directed Payment.
- OHA will reimburse providers for services rendered to fee-for-service members.

Both CCO and FFS coverage will provide a uniform payment increase to eligible providers.

#### **About the ICD Treatment Initiative**

OHA's ICD Treatment Initiative seeks to eliminate barriers to access and provide meaningful and responsive treatment for Oregonians dealing with Co-Occurring Disorders (COD). In addition to the restructuring of OHP fee-for-service and CCO payment methodologies, the initiative is working to:

- Guide and support organizational culture change.
- Support and expand the practice scope and skill set of treatment providers and peer service providers working in ICD settings.
- Develop and sustain a Statewide Integrated Co-Occurring Disorders Treatment Providers Community of Practice

For these reasons, OHA's approval process for ICD programs focuses on supporting ongoing participation in the culture of change and expansion of specialty scope of practice and skill sets.

## **About this guide**

This guide is outpatient behavioral health services providers to learn how to:

- Enroll as an Oregon Medicaid provider
- Apply for approval as an ICD program or ICD practitioner
- Bill for eligible services provided to OHP members.

## **Provider enrollment**

### **Provider types**

Eligible providers are outpatient behavioral health service providers who:

- Are enrolled with OHA as an OHP (Oregon Medicaid) provider,
- Are approved by OHA to provide ICD services, and
- Employ staff qualified to render ICD services.

OHA is updating Oregon Administrative Rules (OARs) <u>309-019-0145</u> and <u>309-018-0160</u> with these requirements.

#### **Provider specialties**

In MMIS, only the following specialty types indicate approved ICD providers. Only these providers may bill for ICD services.

- **006:** ICD program
- **007:** Non-master's level practitioner
- **008:** Masters level or above provider
- 009: ICD Problem Gambling Specialist

#### How to enroll with OHA

To enroll with OHA as an OHP provider, <u>visit the Provider Enrollment web page</u>. Click on the Provider Description that describes you (*e.g.*, Behavioral Health Outpatient Program) to find the required forms and documents.

#### If you have questions about enrolling with OHA:

If you have questions about how to enroll, contact Provider Enrollment at 1-800-422-5047 or email provider.enrollment@odhsoha.oregon.gov.

## How to become an approved ICD treatment provider

The payment methodologies employed for ICD treatment in OAR 309-19-0145 and forthcoming OAR 309-018-0160 require provider organization approval by OHA. This approval is needed to ensure that provider organizations and practitioners are in alignment with intent and practice of ICD treatment and recovery services and to ensure proper payment for these specialty services.

OHA's Certification & Licensing Unit will conduct routine site reviews to include review of compliance with OARs 309-019-0145 and 309-018-0160 as relevant.

#### **Provider organizations**

Once the ICD rules are final and published to the Oregon Secretary of State Website, programs will be able to apply for approval as an ICD service provider.

Programs are not required to be awardees or applicants of start-up funding to apply for approval as an ICD program.

Provider organizations will apply for approval as an ICD treatment provider using the application on the ICD web page at Oregon.gov/ICD. Applications, once approved, will be effective retroactively to January 1, 2023.

OHA ICD staff will work with approved programs to obtain their lists of qualified service provider staff.

#### Rendering providers (practitioners)

Provider organizations will register their approved practitioners with OHA when they apply for ICD approval, and update their lists of approved providers quarterly with OHA. OHA will supply a form for these updates. Organizations must submit these reports must no later than 30 days from close of each calendar quarter. Practitioners must complete required trainings within 12 months of being named an ICD practitioner by their organization, as required by OAR 309-019-0145 and forthcoming amendment to OAR 309-018-0160.

#### **CCO** participation

OHA will provide CCOs lists of local certified organizations and their approved staff through the CCO's designated contract administrator contact.

- CCOs shall create contracts with approved provider organizations, as described in their contracts with OHA.
- CCOs should include provider reporting of approved service staff changes at regular intervals in their contracts and agreements with approved provider organizations.

## **Billing for Covered Services**

#### **Covered services**

For approved ICD providers, services eligible for ICD rate enhancements must:

- List two or more diagnoses from the approved ICD diagnoses list (see Appendix A).
- Use service codes from the approved ICD service codes list (see <u>Appendix B</u>).
- Be rendered by an approved ICD practitioner as described in OAR <u>309-019-0145</u> (outpatient) or OAR <u>309-018-0160</u> (residential).

#### **Modifiers**

All claims for ICD services must include either the HH or HO modifier.

- HH: Integrated Co-Occurring Disorders Program, services rendered by approved provider. Use for services rendered by providers with ICD specialty code 007 or 009.
- HO: Outpatient services rendered by approved provider with master's level or higher education in a behavioral health field, qualified by OAR 309-019-0125. Use for services rendered by providers with ICD specialty code 008.

## Eligibility and enrollment

Please verify OHP eligibility and enrollment prior to rendering service or billing. Go to the OHP Eligibility Verification page to learn more.

## **Billing and coding**

Refer to Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding System (HCPCS) code descriptions and standards for more information.

Providers that are not dually credentialed will need to ensure that their billing aligns their credential, provider type, service codes and primary diagnosis codes. Integrated Co-Occurring Disorders Practitioners continue to be required to provide and document services within the scope of practice of their credential. The ICD Specialty Endorsement permits the practitioner to bill for services rendered at enhanced rates due to their expanded practical knowledge as evidenced by the specialty endorsement.

## If you have billing questions or concerns:

For services to CCO members, contact the member's CCO.

For services to fee-for-service members, please review this guide, notices received from OHA, and the <a href="OHP Billing Tips page">OHP Billing Tips page</a>. If you still have questions or concerns, call the Provider Services Unit at 1-800-336-6016.

## **Appendix A: Approved ICD Diagnoses**

## **Approved diagnostic combinations**

Co-occurring disorders are defined through the experience and diagnoses of at least one addiction disorder (substance use disorder or gambling disorder) and at least one mental health disorder.

- Diagnostic combinations must contain at least one disorder from each behavioral health category.
- For individuals dealing with intellectual or developmental disabilities (ID/D), only one diagnostic category (either addiction **or** mental health) will be required.

### **Approved ICD diagnoses list**
