What is Wraparound?

Wraparound is a completely different way of responding when youth experience serious mental health or behavioral challenges.

Wraparound puts the youth and family at the center. With support from a team of professionals and natural supports, the family's ideas and perspectives about what they need and what will be helpful to drive all of the work throughout the process.

Wraparound Principles

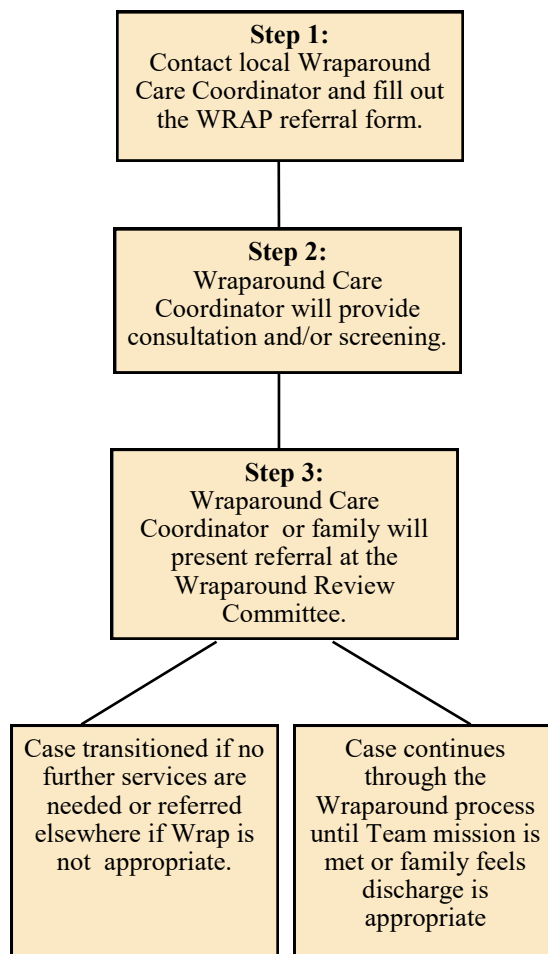

Wraparound is driven by 10 core principles:

1. Family Voice & Choice
2. Team Based
3. Natural Supports
4. Collaboration
5. Community Based
6. Culturally Competent
7. Individualized
8. Strengths Based
9. Persistence
10. Outcome Based

Referral Process

Anyone, including families, and community partners may make a referral to Wraparound. Referrals will be reviewed monthly by a committee for eligibility.
